

DivePort 7.1: Creating Interactive Dashboards and Online Reports

Objectives

In this class, you will learn how to:

- Design and edit dashboards for information consumers
- Publish reports online
- Add click actions to make your DivePort pages interactive

Prerequisites

Prior to this class, you must attend:

- *ProDiver: Introduction to Advanced Data Analytics*
- *DivePort: Design Basics*

...or have equivalent experience

Intended Audience

This class is intended for:

- Users that generate content for information consumers
- Users who distribute data throughout your organization

Delivery

This class is an interactive three-hour session delivered online by a training consultant. Students have access to DI software using a training virtual machine.

Curriculum

Dashboard Design

Planning Dashboard Pages
