

ProDiver 7.1: Custom Calculations

Objectives

In this class, you will learn how to:

- Create QuickViews
- Add columns to tabular displays
- Create calculations
- Create period comparisons and time series

Prerequisites

Prior to this class, you must attend *ProDiver: Introduction to Advanced Data Analytics* or have equivalent experience.

Intended Audience

This class is intended for analysts and users that generate content for information consumers.

Delivery

This class is a personalized, interactive three-hour session delivered online by a DI training consultant.

Students have access to DI software using a training virtual machine.

Curriculum
