

DIMENSIONAL INSIGHT PARTNER PROGRAM

CONSULTANTS & SYSTEMS INTEGRATORS

www.dimins.com

Your services wrapped around our technology may be the solution so many organizations need.

Leading consultants and systems integrators all over the world are partnering with Dimensional Insight to deliver a powerful combination of deep, industry expertise with proven data management, BI and analytics software to organizations.

As trusted experts, strategic advisory and integration partners help assess, design, plan, develop & deploy Dimensional Insight's proven technology solutions. Becoming a Dimensional Insight Strategic Alliance Partner helps consultants and integrators like you:

- **Uncover & establish new, long-term revenue streams**, with your services wrapped around Dimensional Insight's technology.
- **Differentiate from competitors**, by introducing a single, end-to-end solution designed to address even the most complex data management & analytics needs.
- **Enhance customer satisfaction, retention & trust**, with pre-built yet fully customizable applications proven to deliver demonstrable value in days.
- **Strengthen analytics & software versatility**, by adding "Diver Expertise" to your skills, certifications & implementation services.

Powerful Data Management, Business Intelligence & Analytics

Dimensional Insight's end-to-end Diver Platform offers everything your customers need in a **single solution**. Whether deployed on premise or in the cloud, Diver seamlessly integrates data from any variety of sources, validates and ensures the **integrity** of that data, includes built-in **governance**, **collaboration** and robust **security**, and provides access to information and insights through a wide variety of dashboards and reports. Easy to use, **self-service** capabilities allow users to build and modify reports and dashboards on demand, and pre-built, fully customizable applications are ready-made to start delivering value in just days.

As our Strategic Alliance Partner, here's what you can expect:

- Flexible licensing & scalable pricing tailored to meet the needs of your customers
- Demo licenses to support selling, at no cost
- Pre-built, easily customizable applications and the freedom to build your own
- 100% of the revenue from implementation & consulting services you provide
- Unmatched pre-sales, sales & post-sales support
- On-demand sales enablement resources & materials
- Ongoing training opportunities, on & offline
